### The CDN Quarterly Sequence

The CDN Quarterly is part of the total CDN subscription package. One section of the Quarterly is sent every month to our CDN subscribers (along with their CDN Monthly Supplement), and the contents of the Quarterly rotate every three months. The following outlines the publishing schedule:

**Quarterly 1:** published Jan.; Apr.; July; Oct.; contains Half Cents, Large Cents, Half Dimes, Dimes through 1891, Twenty Cents, and Quarter Dollars through 1891; and all by date in standard grades!

**Quarterly 2:** published Feb.; May; Aug.; Nov.; contains Half Dollars through 1891, Dollars through 1873; Trade Dollars, Gold Dollars, Quarter Eagles through 1907, Three Dollar Gold; and all by date in standard grades!

**Quarterly 3:** published Mar.; June; Sept.; Dec.; contains Four Dollar Gold, Half Eagles through 1908; Eagles through 1907, Double Eagles through 1907; and all by date in standard grades!

Plus, the Quarterly regularly contains 'centerfolds' with: Proof Cents; Proof Two Cents; Proof Three Cent Silvers; Proof Three Cent Nickels; Proof Nickels; Proof Barber Dimes, Quarters, & Halves; Proof Dollars; and all by date in standard grades!

Combining the weekly, monthly and quarterly Greysheets included in your subscription, subscribers to the CDN now receive current pricing information on every regular issue U.S. coin; in fact, it is like receiving four copies of an annual pricing guide, with the advantage that prices are up-to-date when you receive them! All this, plus weekly and monthly updates on faster-moving issues.

### Using the CDN Quarterly

CDN publications report prices based on national dealer-to-dealer buying and selling information. These wholesale prices result from our monitoring all possible sight-seen transactions and offers to buy or sell. The coins may be certified or "raw", but the grading must adhere to the current leading standard. Prices also consider activity in the certified sight-unseen market (PCGS & NGC). CDN Quarterly prices will be strongly influenced by Sells which are lower than listed levels. A higher Bid will normally raise CDN Quarterly prices, and a lower Sell will normally lower them.

The CDN Quarterly reports the highest wholesale prices seen nationally, which assume a willing and knowledgeable buyer. The actual buying offer for a rarer coin depends largely on the availability of a customer; on occasion, customer demand may be weaker for rarer dates or varieties, and dealers must consider this before purchasing for inventory. Rarity also plays a key role in selling prices, with a substantial premium asked for extremely scarce coins; the wholesale asking price may be multiples of the listed Bid price. Prices on more-frequently traded coins will reflect the greater activity; prices on less-frequently traded coins may reflect last-known information. These wholesale prices should not be misinterpreted by retail clients as levels at which coins can be bought or sold; wholesale buying requires a substantial market presence.

Prices listed are for typical examples; numismatists expect a wide variation in looks and attractiveness within a particular grade. A coin must stand on its own merits; this is the heart of sight-seen trading. Bronze coinage is especially susceptible to spotting, and severely spotted issues may command a lower price. Prices will also be affected by cleaning, planchet flaws or porosity, rim nicks, and other factors in the final grading of a coin. Prices listed are for 'no-problem' coins.

A tilde (" ~ ") indicates no reliable pricing information is available; an "n/m" indicates that none were made. Prices in the XF columns are for coins graded XF40; AU columns are for coins graded AU50.

# ATTENTION ALL COIN DEALERS, WHEELER DEALERS... AND COLLECTORS, TOO! THERE'S SOME MONEY WAITING FOR YOU IN LONG BEACH

**Spectrum Numismatics**, the premier buyer of rare coins in this country, desperately needs your Uncirculated pre-1950 coins. Spectrum will do anything within reason to acquire these coins including:

- **Cash On The Spot!** In 1998, we spent millions and millions of dollars purchasing rare coins from dealers and collectors. A lot of people claim to pay top prices but **Spectrum** puts its money where its mouth is and we offer immediate payment.
- **Finder's Fees.** If you bump into a deal and don't want to get involved, you can still make money by helping **Spectrum** purchase the deal. We pay extremely generous finder's fees to anyone who helps us buy coins. In 1998, **Spectrum paid \$3,138,339** in finder's fees and commissions.
- **Trades.** We're willing to consider any reasonable trade that allows us to acquire the coins we need to satisfy our coin-hungry clients. If you'd like to trade your rare coins for bullion, other rare coins, or just about anything, there's a high probability that we can arrange a transaction that meets your needs.
- **Funding.** **Spectrum** has money and needs coins. If you have coins and need money, **Spectrum** has numerous financing packages for you.

### Using the CDN Quarterly

**CDN** publications report prices based on national **dealer-to-dealer** buying and selling information. These **wholesale** prices result from our monitoring all possible **sight-seen** transactions and offers to buy or sell. The coins may be certified or "raw", but the grading **must adhere** to the current leading standard. Prices also consider activity in the certified **sight-unseen** market (PCGS & NGC). **CDN Quarterly** prices will be strongly influenced by Sells which are lower than listed levels. A higher Bid will normally raise **CDN Quarterly** prices, and a lower Sell will normally lower them.

The **CDN Quarterly** reports the **highest wholesale** prices seen nationally, which assume a **willing and knowledgeable** buyer. The actual buying offer for a rarer coin depends largely on the availability of a customer; on occasion, customer demand may be weaker for rarer dates or varieties, and dealers must consider this before purchasing for inventory. Rarity also plays a key role in selling prices, with a substantial premium asked for extremely scarce coins; the wholesale asking price may be multiples of the listed Bid price. Prices on more-frequently traded coins will reflect the greater activity; prices on less-frequently traded coins may reflect last-known information. These **wholesale** prices should not be misinterpreted by **retail** clients as levels at which coins can be bought or sold; wholesale buying requires a substantial market presence.

Prices listed are for typical examples; numismatists expect a wide variation in looks and attractiveness within a particular grade. A coin must stand on its own merits; this is the heart of **sight-seen** trading. Bronze coinage is especially susceptible to spotting, and severely spotted issues may command a lower price. Prices will also be affected by cleaning, planchet flaws or porosity, rim nicks, and other factors in the final grading of a coin. Prices listed are for 'no-problem' coins.

A tilde ("~") indicates no reliable pricing information is available; an "n/m" indicates that none were made. Prices in the XF columns are for coins graded XF40; AU columns are for coins graded AU50.

# WHO IS THE KING OF CASH AND WHAT CAN THEY DO FOR YOU?

Spectrum Numismatics was formed in 1991, with a unique vision and a unique financial position. Most rare coin dealerships are small firms with a few employees and a limited amount of capital. In one regard, Spectrum Numismatics is like all other coin companies. Spectrum Numismatics has only 7 employees, but there's one way that Spectrum is unlike any other company in the coin business. The difference is that cash is never a problem for Spectrum. In fact, Spectrum Numismatics may be the best capitalized rare coin company in the history of numismatics. Spectrum is the **king of the cash**.

Since 1991, the Spectrum strategy has been very simple. Spectrum felt it could grow its business and increase its market share by taking advantage of its cash resources to always pay the most for rare coin deals that made sense. All it would take to implement this strategy would be world class rare coin knowledge and a ton of cash. Spectrum has both and because of it, Spectrum has become one of the biggest buyer of rare coins in the world.

Who is Spectrum Numismatics? Spectrum Numismatics is world class rare coin experts, unlimited cash resources, and highly efficient staff. The money man behind Spectrum is a name that is known by all in the financial circles of this country, but for purposes of the coin business, it's a name that by choice will remain anonymous.

The president and top rare coin expert behind Spectrum Numismatics is Greg Roberts. Although only 37 years old, Greg has been a major player on the national coin circuit for the past fourteen years. Since that time, Greg has personally purchased \$354,285,000 in rare coins. In the process, he has handled virtually every coin in the book. The other world class experts on Spectrum's team combine more than 50 years of experience and over \$250,000,000 in purchases of coins.

In just eight short years, Spectrum has become the major buyer of ultra rare United States coins. But more than that, Spectrum has become perhaps the largest buyer of all rare coins in all price ranges. Let's talk about major rarities first. Here's a partial list of coins that Spectrum Numismatics has bought at public auction. In other words, this is a list of coins on which Spectrum outbid every major United States coin dealer:

Coin	Grade	Date Purchased	Purchase Price
1894-S Barber 10¢	Prf-64	Aug. 1992	\$165,000
King of Siam Proof Set		Feb. 2, 1993	\$1,815,000
1913 Liberty 5¢	Prf-64	Oct. 13, 1993	\$962,500
1848-O \$10 Liberty	MS-66	Nov. 1994	\$154,000
1796 No Stars \$2½	MS-65	Dec. 5, 1995	\$605,000
1796 No Pole ½ Cent	MS-66 RB	May 21, 1996	\$506,000
1804 \$1	Prf.-65	April 8, 1997	\$1,815,000
1838 \$10	Prf.-65	May 21, 1998	\$550,000

**It's very rare in the rare coin industry for coin dealers to say something nice about other coin dealers.**

**Here are few things that Spectrum's fellow coin dealers have said about the King of Cash.**

"I've known Greg Roberts for 15 years. Greg and Thad Olson sold me Gem dollars and Walkers when they were kids in high school. I've been doing business with them ever since. Greg is my friend and I trust him. I buy a lot of coins from Spectrum and I sell a lot of coins to Spectrum. They're easy to deal with and their checks are always good."

David Hall  
David Hall's North American Trading  
Santa Ana, California

"I sell a lot of coins to Spectrum Numismatics. I've even had them help me with the financing on a couple of larger numismatic transactions. Spectrum is easy to do business with and they have a ton of cash."

John Dannreuther  
JDRC Inc.  
Memphis, Tennessee

"I have always enjoyed very much the many transactions I have had with Spectrum! I heavily recommend Greg Roberts and his crew at Spectrum. Spectrum is just excellent to do business with."

## WHAT'S IN IT FOR YOU?

Not everyone owns a 1913 Liberty Nickel or an 1804 Silver Dollar. In fact, the odds are that you don't own one of those great rarities. But if you're reading this ad, then there is a high probability that you do own some rare coins. You may have some Uncirculated silver dollars, some Uncirculated United States gold coins, some silver commemoratives, some type coins, some rolls of Mercury Dimes or Walking Liberty Halves, and maybe even some rarer coins.

If you do, then you should know that Spectrum is the major buyer of that type of material, too. In fact, 81% of all the coins Spectrum purchases, are coins priced under \$5,000, and 12% of all the coins that Spectrum purchases are coins priced under \$100 per coin! And you should know that if you have rare coins for sale, Spectrum wants to buy your coins and will probably pay you more than any other coin dealer in the world for your coins.

If you've decided that you want to trade all or some of your coins for cash, you should know that it's really easy to do business with Spectrum. If you have rare coins for sale, and you want to sell them for as much money as possible, then all you have to do is pick up the phone any weekday between 9:00 am and 5:00 pm California time and call the Spectrum cash line collect (949) 955-1250. Ask for Greg or Thad and tell them you have coins for sale. Tell them you want to talk to the **King of Cash**.

## THE KING OF CASH GOES TO ALL MAJOR COIN SHOWS

Spectrum Numismatics will be at all major coin shows. Spectrum will be there for one reason only-to buy as many coins as possible. Whether you have a 1913 Liberty Nickel or a 1938-D Buffalo, an 1804 Silver Dollar or an 1881-S Silver Dollar, if you have coins to sell and want to realize the highest possible price for your coins, then you should see Spectrum Numismatics at the next major coin show. Tell them you want to speak to the King of Cash.

# The PCI Capsule...

✓ \$8<sup>00</sup> PER COIN

✓ 6-DAY SERVICE

*Tells why more people  
are turning to* **PCI**

☐ PCI accepts direct submittals from the general public, collectors and dealers. There are no minimum or maximum submittal requirements.

☐ PCI recognizes that all coins are not "generic". We grade, authenticate, verify and list attributes for errors and varieties such as 5, 5 +, & 6 steps for Jefferson nickels, **DM** (deep mirror), **DMPL** (deep mirror proof like) for Morgan dollars, and we apply our exclusive attribute **PQ** (premium quality) to those coins that qualify.

☐ PCI provides our original "Red Label" capsule for "problem" coins, and assigns the grade right on the label (exceptions are: altered, counterfeits, etc.).

☐ PCI offers the most affordable rates of any "third party grading service" - and we provide the fastest turnaround time of any grading service... for the applicable fee of \$8<sup>00</sup> per coin, plus postage and insurance.

☐ PCI excels at providing the highest quality customer service. We will go the extra mile to meet the needs of our customer, and our service is backed by our guarantees!

☐ As a special bonus - PCI provides a **FREE** storage box when twenty (20) coins are submitted. (\$5 charge for storage box orders containing less than 20.)

**A**fter our 10th year of new and innovative ideas and technology in setting the pace for 3rd party grading, we at PCI have come to rely upon business practices that you can consistently count on. Your coins will be accepted, authenticated, and graded at the lowest rate and the fastest turnaround time of any service...guaranteed!!

### The CDN Quarterly Sequence

The **CDN Quarterly** is part of the total CDN subscription package. One section of the **Quarterly** is sent every month to our CDN subscribers (along with their **CDN Monthly Supplement**), and the contents of the **Quarterly** rotate every three months. The following outlines the publishing schedule:

**Quarterly 1:** published Jan.; Apr.; July; Oct.; contains Half Cents, Large Cents, Half Dimes, Dimes through 1891, Twenty Cents, and Quarter Dollars through 1891; and all by date in standard grades!

**Quarterly 2:** published Feb.; May; Aug.; Nov.; contains Half Dollars through 1891, Dollars through 1873; Trade Dollars, Gold Dollars, Quarter Eagles through 1907, Three Dollar Gold; and all by date in standard grades!

**Quarterly 3:** published Mar.; June; Sept.; Dec.; contains Four Dollar Gold, Half Eagles through 1908; Eagles through 1907, Double Eagles through 1907; and all by date in standard grades!

Plus, the **Quarterly** regularly contains 'centerfolds' with: Proof Cents; Proof Two Cents; Proof Three Cent Silvers; Proof Three Cent Nickels; Proof Nickels; Proof Barber Dimes, Quarters, & Halves; Proof Dollars; and all by date in standard grades!

Combining the weekly, monthly and quarterly *Greysheets* included in your subscription, subscribers to the **CDN** now receive **current** pricing information on every regular issue U.S. coin; in fact, it is like receiving four copies of an annual pricing guide, with the advantage that prices are up-to-date when you receive them! All this, plus weekly and monthly updates on faster-moving issues.

### Using the CDN Quarterly

CDN publications report prices based on national dealer-to-dealer buying and selling information. These wholesale prices result from our monitoring all possible *sight-seen* transactions and offers to buy or sell. The coins may be certified or "raw", but the grading **must adhere** to the current leading standard. Prices also consider activity in the certified *sight-unseen* market (PCGS & NGC). **CDN Quarterly** prices will be strongly influenced by Sells which are lower than listed levels. A higher Bid will normally raise **CDN Quarterly** prices, and a lower Sell will normally lower them.

The **CDN Quarterly** reports the *highest wholesale* prices seen nationally, which assume a *willing and knowledgeable* buyer. The actual buying offer for a rarer coin depends largely on the availability of a customer; on occasion, customer demand may be weaker for rarer dates or varieties, and dealers must consider this before purchasing for inventory. Rarity also plays a key role in selling prices, with a substantial premium asked for extremely scarce coins; the wholesale asking price may be multiples of the listed Bid price. Prices on more-frequently traded coins will reflect the greater activity; prices on less-frequently traded coins may reflect last-known information. These *wholesale* prices should not be misinterpreted by *retail* clients as levels at which coins can be bought or sold; wholesale buying requires a substantial market presence.

Prices listed are for typical examples; numismatists expect a wide variation in looks and attractiveness within a particular grade. A coin must stand on its own merits; this is the heart of *sight-seen* trading. Bronze coinage is especially susceptible to spotting, and severely spotted issues may command a lower price. Prices will also be affected by cleaning, planchet flaws or porosity, rim nicks, and other factors in the final grading of a coin. Prices listed are for 'no-problem' coins.

A tilde ("~") indicates no reliable pricing information is available; an "n/m" indicates that none were made. Prices in the XF columns are for coins graded XF40; AU columns are for coins graded AU50.

**The King of Cash buys it all**—Our purchases this year have included coins for under \$4 and over \$1,000,000! No matter what your holdings include, Spectrum is interested. It makes no difference if your coins are certified or not. Your coins can be a collection, hoard, dealer inventory, investor lot, family estate, or any other type of property.

Here's what some of Spectrum's satisfied clients have to say: *This is just a note to say "thank you" for the prompt attention,*

*courteous service, and fair prices I received for the sale of my collection. Mr. Thad Olson is extremely knowledgeable, and I felt at ease and quite confident in dealing with him. His offer was more than 20% higher than I received elsewhere, which was both a pleasant surprise and a wonderful bonus for dealing with your company. I would certainly recommend Spectrum to my friends and associates without reservation.*

*I was very pleased with your offer. I also appreciated being spared the "critical analysis" most dealers feel they must go through before making an offer. I'm just sorry I didn't try your firm long ago. I'm convinced after my first sale to you that Spectrum is the place to go if you want honesty and fair dealing.*

*I have done business with Spectrum for the past eight years and every transaction has been totally satisfactory. Whether it was my most recent sale (\$700) or the one in 1995 for over \$100,000 (remember that one?) everyone has been friendly, professional, and fair.*

Spectrum has a commitment to customer satisfaction that is unsurpassed in the rare coin industry. Let us help you to realize the most money for your coins. Give us an opportunity to serve you.

# Introducing the New: Official Barter Unit™

The Y2K Silver Company has come up with the perfect hedge for the Y2K investor.

Similar to the U.S. American Eagle Silver Dollar program, the Y2K Silver Company does not sell direct to the public or dealers. The Primary Distributors will sell the OBU's to the dealers.

The OBU's will be marketed aggressively first through a 5200 plus direct mailing to coin dealers then through many full page ads in the Coin Dealer Newsletter for signing up "Authorized Dealers".

Then the Coin Collector trade publications will have full-page ads with a list of all of the "Authorized Dealers". **Contact a Primary Distributor to include your company name in the Nation wide marketing.** These ads will begin the 1<sup>st</sup> of March.

Y2K Silver Company is also targeting the myriads of Y2K newsletters, marketers and web sites etc...

Finally a deluge of advertising to the general public via print media, radio, billboards etc... All advertising will highlight the web site with an entire roster of "Authorized Dealers"

In our marketing efforts we will point out how OBU's are a vital part of anyone's portfolio for the new millennium.

The OBU's are favorably priced versus other typical Y2K hedges.

To become an Authorized Dealer contact the Y2K Silver Company or a Primary Distributor. (minimum purchase to become an Authorized Dealer and receive all the advertising perks is just a 1,000 piece initial order - no minimum reorder).

Currently the Primary Distributors are wholesaling the OBU's for:

20-999 pieces at spot + \$1.50 each  
1000 plus pieces at spot + \$1.30 each (receives Authorized Dealership)  
Delivered on 500 pcs.

Currently most Authorized Dealers are retailing the OBU's for:

1-199 pieces at \$9.00 each  
200 + pieces at \$2.50 over spot silver  
(original mint case lots of 500 pieces shipped postage paid)  
Basis \$5.10 Prices subject to fluctuation

How to order the Official Barter Units: Contact us at [www.y2ksilvercompany.com](http://www.y2ksilvercompany.com) or phone us at 1-877-MINT-Y2K or contact a Primary Distributor.

### Using the CDN Quarterly

**CDN** publications report prices based on national **dealer-to-dealer** buying and selling information. These **wholesale** prices result from our monitoring all possible **sight-seen** transactions and offers to buy or sell. The coins may be certified or "raw", but the grading **must adhere** to the current leading standard. Prices also consider activity in the certified **sight-unseen** market (PCGS & NGC). **CDN Quarterly** prices will be strongly influenced by Sells which are lower than listed levels. A higher Bid will normally raise **CDN Quarterly** prices, and a lower Sell will normally lower them.

The **CDN Quarterly** reports the **highest wholesale** prices seen nationally, which assume a **willing and knowledgeable** buyer. The actual buying offer for a rarer coin depends largely on the availability of a customer; on occasion, customer demand may be weaker for rarer dates or varieties, and dealers must consider this before purchasing for inventory. Rarity also plays a key role in selling prices, with a substantial premium asked for extremely scarce coins; the wholesale asking price may be multiples of the listed Bid price. Prices on more-frequently traded coins will reflect the greater activity; prices on less-frequently traded coins may reflect last-known information. These **wholesale** prices should not be misinterpreted by **retail** clients as levels at which coins can be bought or sold; wholesale buying requires a substantial market presence.

Prices listed are for typical examples; numismatists expect a wide variation in looks and attractiveness within a particular grade. A coin must stand on its own merits; this is the heart of **sight-seen** trading. Bronze coinage is especially susceptible to spotting, and severely spotted issues may command a lower price. Prices will also be affected by cleaning, planchet flaws or porosity, rim nicks, and other factors in the final grading of a coin. Prices listed are for 'no-problem' coins.

A tilde ("~") indicates no reliable pricing information is available; an "n/m" indicates that none were made. Prices in the XF columns are for coins graded XF40; AU columns are for coins graded AU50.

# Introducing the New: Official Barter Unit™

The Y2K Silver Company has come up with the perfect hedge for the Y2K investor.

Similar to the U.S. American Eagle Silver Dollar program, the Y2K Silver Company does not sell direct to the public or dealers. The Primary Distributors will sell the OBU's to the dealers.

The OBU's will be marketed aggressively first through a 5200 plus direct mailing to coin dealers then through many full page ads in the Coin Dealer Newsletter for signing up "Authorized Dealers".

Then the Coin Collector trade publications will have full-page ads with a list of all of the "Authorized Dealers". **Contact a Primary Distributor to include your company name in the Nation wide marketing.** These ads will begin the 1<sup>st</sup> of March.

Y2K Silver Company is also targeting the myriads of Y2K newsletters, marketers and web sites etc...

Finally a deluge of advertising to the general public via print media, radio, billboards etc... All advertising will highlight the web site with an entire roster of "Authorized Dealers"

In our marketing efforts we will point out how OBU's are a vital part of anyone's portfolio for the new millennium.

The OBU's are favorably priced versus other typical Y2K hedges.

To become an Authorized Dealer contact the Y2K Silver Company or a Primary Distributor. (minimum purchase to become an Authorized Dealer and receive all the advertising perks is just a 1,000 piece initial order - no minimum reorder).

Currently the Primary Distributors are wholesaling the OBU's for:

20-999 pieces at spot + \$1.50 each  
1000 plus pieces at spot + \$1.30 each (receives Authorized Dealership)  
Delivered on 500 pcs.

Currently most Authorized Dealers are retailing the OBU's for:

1-199 pieces at \$9.00 each  
200 + pieces at \$2.50 over spot silver  
(original mint case lots of 500 pieces shipped postage paid)  
Basis \$5.10 Prices subject to fluctuation

Included in our recent purchases is the Wells Fargo® Nevada Gold hoard, which was the largest financial transaction in the history of numismatics. Our buyers are seasoned veterans in all areas of numismatics, and they know what your coins are worth. Is your collection a specialized selection of 18th century rarities? A large holding of modern proof coins? An estate that was left to you by a loved one? An accumulation that has been in the family for years? A dealer inventory? Rare coin properties come in hundreds of different forms, and *Spectrum* is interested in purchasing them all!

Dealing with *Spectrum* is always as fast, confidential and convenient as you need it to be. We can travel to see you, meet you at our offices, or make an appointment with you for the next coin show in your area. We can also do the entire transaction by mail, as we do hundreds of times each year.

Here's what one of our many satisfied customers had to say recently about selling coins to *Spectrum*:

*I was very pleased with your offer. I also appreciated being spared the "critical analysis" most dealers feel they must go through before making an offer. I'm just sorry I didn't try your firm long ago. I'm convinced after my first sale to you that Spectrum is the place to go if you want honesty and fair dealing.*

*Spectrum* has a commitment to customer satisfaction that is unsurpassed in the rare coin industry. Let us help you realize the most money for your coins. Give us an opportunity to serve you.

# The PCI Capsule...

- ✓ \$8<sup>00</sup> PER COIN
- ✓ 6-DAY SERVICE

*Tells why more people  
are turning to* **PCI**

☐ PCI accepts direct submittals from the general public, collectors and dealers. There are no minimum or maximum submittal requirements.

☐ PCI recognizes that all coins are not "generic". We grade, authenticate, verify and list attributes for errors and varieties such as 5, 5 +, & 6 steps for Jefferson nickels, **DM** (deep mirror), **DMPL** (deep mirror proof like) for Morgan dollars, and we apply our exclusive attribute **PQ** (premium quality) to those coins that qualify.

☐ PCI provides our original "Red Label" capsule for "problem" coins, and assigns the grade right on the label (exceptions are: altered, counterfeits, etc.).

☐ PCI offers the most affordable rates of any "third party grading service" - and we provide the fastest turnaround time of any grading service... for the applicable fee of \$8<sup>00</sup> per coin, plus postage and insurance.

☐ PCI excels at providing the highest quality customer service. We will go the extra mile to meet the needs of our customer, and our service is backed by our guarantees!

☐ As a special bonus - PCI provides a **FREE** storage box when twenty (20) coins are submitted. (\$5 charge for storage box orders containing less than 20.)

**A**fter our 10th year of new and innovative ideas and technology in setting the pace for 3rd party grading, we at PCI have come to rely upon business practices that you can consistently count on. Your coins will be accepted, authenticated, and graded at the lowest rate and the fastest turnaround time of any service...guaranteed!!
